To Whom It May Concern,

I am writing to recommend services of Polish Hardwood Floors.

I've been cooperating with Gregory Heichel and his team since 2007 on numerous projects. Each time I saw them working with a true dedication to keep the terms and high quality of work. Therefore I felt always secure and comfortable for the accomplishment of the project.

Polish Hardwood Floors is an example of professional and reliable company and it is a real pleasure to highly recommend them as a contractor.

Regards

k. trembowski
