Polish Hardwood Floors, Inc.
6812 8th Avenue
Brooklyn, NY 11220

Re. Reference for Polish Hardwood Floors, Inc.

TO WHOM IT MAY CONCERN:

In February 2010, *Polish Hardwood Floors* repaired and refinished antique parquet floors at my residency and in my offices at 194 Park Place, Brooklyn, NY 11238. This has been an all-around positive experience, and I immediately recommended their services to friends and acquaintances (some of which subsequently had their floors done and expressed similar satisfaction).

The principal, Grzegorz Heichel, is personable, competent, experienced, and reliable. The team doing the work was also very friendly, competent, and efficient. They carefully repaired several tricky damaged areas in the parquet with matching woods before refinishing. When all the work was completed, the rooms really came back to life, so to speak.

The price was very reasonable for such quality work.

I now need several more floors repaired and refinished, and obviously I am asking *Polish Hardwood Floors* to do the job – I see absolutely no reason to try any other company for this task.

Please do not hesitate to contact me if you have any questions at all.

Sincerely,

Stephan Gruben

Principal, Matterhorn Realty
